Vehicle break-in in my garage!!

August 10, 2019

I live in the condos on Miner Creek Lane in Countryside. I was in my garage and had the garage open half way for cooler air. I stepped inside my home for just a few minutes and someone entered my garage and got into my car. The weird thing is, Ring did not capture who entered as the video was darkened for some odd reason. Its never done this before. Nothing was stolen that I noticed, but they opened the center console and pulled everything out. Nothing really to steal except some loose change. You can never be too safe and this is a lesson learned to be more vigilant. Also, lock your car even if it's in the garage. This is upsetting and though you can't see anything on the video, I'm posting for awareness. Be safe all!

FedEx package taken 3:08pm

August 10, 2019

Our Ring cut off the video just before the guy got out of the car (need to adjust the settings or maybe it's because some people just walked by before this I don't know), so I posted the not so clear video from our upstairs Wyze Cam. Looks like a Volvo? Can't see the plates. He's all covered up, I can't make out a darn thing, but he took my small FedEx box that was delivered earlier in the day (of course the Ring got the FedEx guy and not this guy on video smh). Just watch out for this car going around.

Car Break-in in garage

August 11, 2019

I live in Otay Ranch Countryside. I was in my garage last night around 10pm and left it open half way for cooler air. I stepped inside for just a few minutes, and someone entered my garage and broke into my car. They didn't steal anything of value just a couple gift cards that had a minimal balance on it. They took nothing from my garage. The strange thing is that the Ring Video was dark for some odd reason. It never did that before, however you can hear some movement in the audio. This is a lesson learned for me not to leave my garage door halfway open or to leave my vehicle unlocked even when it's in the garage. I'm sharing so that everyone exercises a little more vigilance as I see a number of garages left open. Be safe!

Garage doors/car stolen

August 13, 2019

Just sharing something that happened to my neighbor and they asked me to post. He was at home with wife and kids asleep. Around midnight, someone was walking around the neighborhood using a garage remote opener to see if they would get lucky and have same code as someone. They opened their garage door and stole items to include their car. Keys were in car. Door between house and garage was locked. Be aware of locking your garage door at night - if you can. If you cant- try to buy that slide lock device. I ordered mine today. Police report was taken and car reported stolen.

Pulse Millenia apartments. Garage break in!!!!

August 13, 2019

I advice anyone with a garage door to look and educate yourself on how people break in garages. At the pulse millennia apartments, my garage was broken into! On Sunday after midnight, they bent the top of the garage door open stuck either their hand or coat hanger in and pulled on the emergency cord or wire cord that's connected which released the garage door. They attempted to steal my car but with past events, I luckily had my steering wheel lock on! They did unfortunately steel my debit card and went on a shopping trip . You can watch YouTube videos on how to remove the emergency cord if you feel comfortable with not having one connected on a detached garage. The bad come to theses good areas knowing where the gold is so to speak. Ps. Sorry there's no video, our ring was purchased after this incident.

Car Broken into

August 14, 2019

Watched a car park at the end of the block on surveillance then we heard a car alarm going off up the street and looked out the window to see them entering our vehicle after breaking into the other car. Neighbors all joined together and held the guy and a girl down until the police got here. Two other girls got away. If your car was broken into call the police last night around this area call the police and tell them it might be the same people

House broken into at 6:45 AM Friday

August 18, 2019

A young man (from a group of 4 caught on multiple surveillance devices throughout the neighborhood) entered our home at @6:45am. He rummaged through our entire house taking jewelry and cash (passing up computers, iPads, Apple Watches, etc) until entering our bedroom and being surprised by my wife who was dressing for the day. She chased him into the street where several neighbors came to help. Unfortunately he was able to eventually get to a car and get away. The police responded and found that the group of young men had stolen a neighbors license plates and also had stolen plates on their get away car. Brazen thieves at 6:45am. The police believe they had cased the neighborhood for days watching routines, departure times, etc and that they mistook my child's departure for school as the final person leaving for the day. It could have been worse but it still has us quite shaken.

Stolen bike from my garage

August 18, 2019

Sometime between August 2-8 my bike was stolen from my garage. We had solar inverter installed in our garage on the 7th and the garage was open all day as workers went in and out both in the garage and on the roof, we didn't want to accuse the solar installers but notified the person we signed with. If anyone sees this Red Trek bike for sale anywhere can you please notify us. It would be greatly appreciated.

Front door was kicked in last night

August 20, 2019

Someone tried to break into our house last night—I heard a disturbance and that's when we found our front door pushed in with the deadbolt engaged. That's odd. But this crap is getting out of hand....

Your vehicle/boat was reported stolen/missing to the Chula Vista Police Department. The Department's automated records are presently under review by the National Crime Information Center (NCIC), a nationwide automated network available to all law enforcement agencies. This review is being conducted to ensure that the information entered into NCIC is accurate and current.

Please answer the questions below and return the form to the Chula Vista Police Department within ten (10) days. Failure to return this form may result in the removal of your vehicle/boat from the nationwide system.

1. Have you recovered your vehicle/boat? Yes ☐ No ☐

If yes, did you report this recovery to a Police Department? Yes ☐ No ☐

Police Department and date reported: _____

2. Has your insurance company settled the claim regarding your stolen vehicle/boat? Yes ☐ No ☐

3. Has ownership been transferred to the insurance company? Yes ☐ No ☐

If yes, complete the following:

Insurance Company: _____

Address: _____

Signature of Registered Owner _____

Date Signed _____

Current Address _____

Home Phone _____

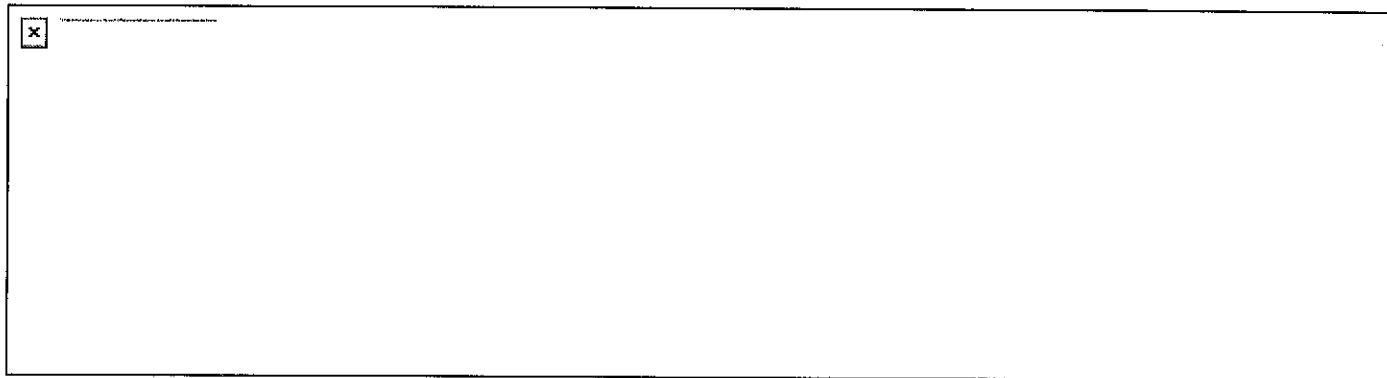

City _____ State _____ Zip _____

Alternate Phone _____

Car break in

August 24, 2019

My brothers car was broken into last night . He did leave the doors unlocked, idiot, but they only took his registration tags from the glove compartment. Two weeks ago they stole a bike from inside of my driveway with the gate closed . They must've scaled the wall or gate to get in . It's a solid 6 feet. I don't have video

Garage door was attempted to be opened

August 26, 2019

On Sunday 25 at about 7:40, a loud bang was heard on the garage, it was attempted to be broken into & completely messed up our garage door... our security camera did not catch it... we believe the person tried to leave through the back, so if anyone has any ring footage of someone looking suspicious with a tool or something, please let us know... thank you.

Stolen Car

August 28, 2019

My grandpa's car got stolen from the front of our house, it's a 1996 Green Honda Civic (Ik, easy to break into, but we live in a safe neighborhood so it's a surprise). It's indefinite what time it was taken, but he'd messaged me earlier this morning about having reported it to the police as stolen. It's always parked in front/side of our house, and we + our neighbors don't have cameras in front of our houses so we can't really check. We're checking with the neighborhood guards & hopefully the police come up with something too. Keep a look out & report, if you can!

Tell Your Community About Your Events

Neighbors Portal is a great tool you can use to raise awareness about local crime and safety events, especially National Night Out (NNO) coming up on Tuesday, August 6th. Posting about local events can help drive resident attendance and increase engagement with your community.

Keep your Post simple and local by including the date, time and location of your event to target users within that specific area.

Post About Your National Night Out

Sandy City Police Department - Post Example

Don't miss an opportunity to engage with your community.

Encourage residents to attend your upcoming local crime and safety events.

Join over 250 law enforcement agencies on the free Ring Neighbors Portal for Law Enforcement.

The Neighbors App is a free smartphone app that allows citizens to participate in a digital neighborhood watch, share video footage or crime and suspicious activity from and source, view and comment on incidents in their neighborhoods.

The Neighbors Portal is a free service for law enforcement that provides:

-
- Street-level
- intelligence in the form of high quality videos shared by citizens.
-
-
- The
- ability to collaborate with neighbors using the app.
-
-
- Create
- hyper-local neighborhood alerts.
-
-
- When
- a crime occurs, submit a one-click request to citizens for video and information. Citizens share video with one-click. No searching or uploading from the Ring Neighbors App and Neighbors
-

If there is one vendor you visit at the conference, make it Ring. We will provide a demo of our Neighbors Portal and explain how your agency can gain access to this **free** program as we work together to reduce crime in your community. Visit us at Booth 616.

We enjoyed our time with you and your colleagues at FBINAA the other week. The booth was a little busy, but hopefully you were able to spend some time with us to learn more about how Ring works with LE to keep communities safe.

With millions of Ring cameras across the country and millions of users on the app (identifying criminal activity and often those who commit it), your community is already engaged on this digital neighborhood watch platform.

The LE Portal is your "seat at the table" to access the platform. Portal lets you view and comment on posted video, alert the community of important activity and lets you request video from device owners that may have captured something helpful to an ongoing investigation. This incredibly powerful service is provided to law enforcement free of charge.

Subject: Coronado PD LE Portal

Warning: External Email

Good Morning Raymond,

I've just received your contact email address from Chula Vista PD.

My understanding is that both CVPD and Oceanside PD have rolled out a Ring system of some sort within their respective communities.

As you may be able to see from the online info request card I submitted last week, I am a member of the Investigations Division at Coronado PD.

My direct supervisor is Det Sgt Marc Langlais.

Our community is an Island surrounded by Aircraft Carriers, Helicopter and F18 Landing fields and a SEAL Team training facility. Obviously, many emergent scenarios could erupt here that would greatly benefit from single-point-of-contact communication to residents from LE staff.

In concept, your ring devices in 'every' residence could allow this instant communication from our team to community members... and we could receive alerts from the community, as well.

How that concept actually plays out in practice is what we are trying to assess.

We have already purchased a ring doorbell cam as a test device.

We now want to set up a typical LE Hub site at the station and, as an evaluation test, interact with the doorbell cam we have on hand.

I believe this would require the use of the Ring LE Portal application, although it's been curiously difficult to discover

- 1) how to obtain the software,
- 2) if it will run on a PC, and
- 3) a source for the operators manual.

What we've been able to extract from Ring's highly silo'ized support people so far is that "the portal app only runs on a cellphone or tablet". I find it hard to imagine LE staff would be limited to using a cellphone at the station to interact with community members during an incident.

Another issue popped up in trying to find out about the Portal thru my own online research:

4) <https://news.ycombinator.com/item?id=18215168>

Would you be willing to help us move forward with our evaluation process by addressing the four items, above, please?

Thank You!

-RB Smith

Subject: Ring Training Schedule and Introduction
Attachments: Ring MOU - CVPD May 2019 Signed by Chief Kennedy (1).pdf

Warning: External Email
--

Lieutenant Martin, Attached please find the fully executed MOU for your records.

At this time I want to explain the onboarding process and introduce Angela Kang who will manage the training and the ongoing support for CVPD going forward. Angela is one of our top account managers and will be an incredible resource for you and your colleagues as you ramp up your use of Portal.

The onboarding process is comprised of two parts:

1) Remote Webinar: The first is to gather stakeholders for a remote, webinar style training. These stakeholders (defined below) will be provided logins to access portal. Then, during the webinar Angela will walk each one through how he/she, in his/her capacity, will use portal. This will include use case and best practices.

2) In-Person Onboarding: Within 30 days of the initial remote webinar, Angela will schedule a formal in-person training class to be conducted onsite at your facility. The stakeholders who are trained in the remote webinar will determine the audience for the in-person onboarding. While we don't limit the number of people who can attend the formal onboarding, we've found that allowing the stakeholders to select an audience has proven effective in gathering the appropriate personnel.

Following are the stakeholders who are required to attend the webinar training (with the caveat that some roles may be filled by the same person):

- **Investigative Leads** - will be trained on the investigative tools, including the video request feature, within Portal.

- **PIOs** - will lead the partnership announcement efforts that include a public press release that describes your participation in Neighbors.
- **Social Media** - will be in charge of Portal social media efforts
- **Community Outreach/HOA** - will lead Portal HOA and crime & safety groups programs that we offer
- **Catch All role** - will have the ability to comment on posted videos (suspicious activity, criminal acts, safety concerns, etc). Usually these roles are held by detectives, Community Resource Officers, SROs, right up to the Chief of Police.

Angela will be reaching out to you to set a date for the initial Remote Webinar. If you need to reach her in the meantime, her contact information follows:

Angela Kang, Sr. Partner Success Manager

Phone: 425-274-5987

Email: on copy

Thank you again for your support. I look forward to hearing success stories from Chula Vista as we work to reduce crime in the community.

Sincerely, Ray

Email

Thank you Sharyl. LE Portal is for the exclusive use of law enforcement personnel. I'm unable to contact Mr. Smith at a .edu email account. Please feel free to provide my phone number or email address to have him or Mr. Langlais contact me directly. Once vetted, I would be happy to provide details of the program.

Thank you for your support and assistance.

Ray

1907799

License: 8ADC220
VIN: JHMEG1149PS001640

Your vehicle/boat was reported stolen/missing to the Chula Vista Police Department. The Department's automated records are presently under review by the National Crime Information Center (NCIC), a nationwide automated network available to all law enforcement agencies. This review is being conducted to ensure that the information entered into NCIC is accurate and current.

Please answer the questions below and return the form to the Chula Vista Police Department within ten (10) days. Failure to return this form may result in the removal of your vehicle/boat from the nationwide system.

1. Have you recovered your vehicle/boat? Yes ☐ No ☐

If yes, did you report this recovery to a Police Department? Yes ☐ No ☐

Police Department and date reported: _____

2. Has your insurance company settled the claim regarding your stolen vehicle/boat? Yes ☐ No ☐

3. Has ownership been transferred to the insurance company? Yes ☐ No ☐

If yes, complete the following:

Insurance Company: _____

Address: _____

Signature of Registered Owner

Date Signed

Current Address

Home Phone

City State Zip

Alternate Phone
